## PROFILE

---

Data Analytics enthusiast proficient in Excel, SQL, Power BI, and Python, with hands-on experience in data cleaning, EDA, and dashboard development. Delivered actionable insights through projects including Telecom Churn, Netflix Content, and Zomato Data Analysis. Currently pursuing B.Com at Jaypee University, seeking a Data Analyst Internship to drive data-driven decision-making.

## SKILLS

---

**Programming Language:** Python, SQL

**Python Libraries:** Numpy, Pandas, Matplotlib, Seaborn

**Analytical tools:** Microsoft Power BI, Microsoft Excel

**Databases:** MySQL, PostgreSQL

## PROJECT

---

### Telecom Customer Churn Analysis | Python

- Performed EDA to identify key factors influencing customer churn.
- Analyzed customer behavior and tenure data to uncover meaningful trends.

### Netflix Movies & TV Shows Analysis | SQL

- Queried a dataset of 8,800+ movies and TV shows using SQL.
- Analyzed content trends across genres, ratings, and countries.

### Zomato Restaurant Data Analysis | Python

- Conducted EDA to analyze restaurant ratings, pricing, and customer preferences.
- Created visualizations to derive actionable business insights.

## EDUCATION

---

|                                                             |                      |
|-------------------------------------------------------------|----------------------|
| Bachelor of Commerce (B.Com)   Jaypee University, Anupshahr | (Aug `25 - June `28) |
| 12 (UP Board)   L.D.A.V Inter College                       | 2025                 |
| 10 (UP Board)   L.D.A.V Inter College                       | 2023                 |

## ACHIEVEMENTS

---

- Presented a research paper at an ICSSR Sponsored National Conference organized by Jaypee University.
- Presented an IoT-based prototype model at the same conference.
